

PERMEABLE PAVER WORKSHOP

This workshop will inform attendees of critical updates to Chapter 8 (Permeable Pavement Systems) of the Iowa Stormwater Management Manual (ISWMM), issued in September 2019. This course is intended for design professionals and reviewers of permeable paver systems. Space is limited and availability is on a first come, first served basis. Workshop is hosted by the City of Coralville in partnership with the Iowa Stormwater Education Partnership (ISWEP). Webinar sponsored by King's Materials.
